

What You Need To Know About Small Group Dog Training

FLOOFINS  & CO.

A Kenneling Alternative.

Don't get lost in large training classes! Our small group training classes are kept at a maximum of 6 dogs. This 5-week class is a must have for dogs of all ages and will cover basic obedience behaviors such as sit, down, come, and stay. Each week's focus will be on the use of a different training technique.

Class Descriptions

Puppy Class

Designed for puppies 6 months or younger. We will teach them that training is fun! Start your puppy off on the right paw by introducing them to training at an early age. By starting obedience training early, you can begin to establish good behaviors and introduce skills that will help them grow into a well-trained adult dog. Class curriculum involves sit, down, come and stay, but has an increased focus on puppy ownership and socialization.

Basic Obedience Class

Designed for dogs 6 months or older that have minimal or no prior training experience. This 5 week class is a must have for dogs of all ages and will cover basic obedience behaviors such as sit, down, come, and stay. Each week's focus will be on the use of a different training technique such as luring, free shaping or targeting. This class will teach you how to teach your dog.

What Do I Need To Be Prepared For Class

Have these items on hand:

- _____ **Reinforcers.** (Bite-sized treats/something your dog enjoys)

- _____ **Leash.** (Just in case we want or need to work on leash)
- _____ **Clicker.** (Used to mark good behaviors. Optional)
- _____ **Space.** (Have room to work with limited distractions)
